

Transportation

In planning a program, providing transportation may be necessary. Options for your transportation needs are detailed below.

Scripps College

Scripps has two (2) seven passenger vans available for registered student drivers. To become a registered driver, students may fill out the driver registration form in SARLO. The completed form, along with 2 copies of your current driver's license, will be used to complete a motor vehicle record check. This process may take up to six weeks, so submit your forms early. Once approved with a deposit on file, you may submit van reservations form to SARLO. Approval is good until graduation, unless your driving record changes.

- Vans may be used for student activities involving 4-7 students. You may take a van to the beach, a play in LA, a shopping trip, etc. You may take a trip with a group of friends, or with a club or organization. Vans may *not* be used to travel to internships, places of employment, or any other individual trips.
- In order to use the van, a gas deposit is required. A \$20.00 deposit is required for trips under 50 miles and a \$45.00 deposit for trips over 50 miles. However, your deposit will be returned if you replace the gas used during your trip.
- Should you be involved in an accident while using the van, the college insurance will cover the accident. Depending on the nature of the accident, your van driving privileges may be revoked. You must immediately report an accident to maintenance. If you fail to report an accident, your privileges will be revoked.
- If you have been approved to drive the vans in a previous academic year, you do not need to re-register. If you are unsure about your status, please check with Tonya Montgomery in SARLO.
